

**IN THE SPECIFICATION:**

Page 3, 8<sup>th</sup> full paragraph, (line 21), replace with the following amended paragraph:

Fig. 4 is a section along line ~~IV-IV~~ 4-4 in Fig. 3.

Page 4, 1<sup>st</sup> full paragraph (lines 1-5), replace with the following amended paragraph:

In the top wall 14, a tear line 15 defines the closing member 16. The closing member 16 is connected with a handle 17 having a handle opening. By pulling the handle 17 up, the closing member 16 can be torn from the top wall 14 to clear the can opening 40. The can collar 13 projects upward beyond the bulging top wall 14.

Page 5, lines 1 through 4, replace with the following:

rim 33 is supported at the edge of the drinking opening 24, whereas the ~~sup~~ cup portion 31 is situated inside the drinking cap 20. ~~the~~ The additional container 30 is sealed air-tight with a tear-off cover foil 34. Its Interior 35 serves to receive pastries that may be eaten while drinking the contents of the can.
